

PRE-ACCEPTANCE FORM

BUILDING HELD IN DIVIDED CO-OWNERSHIP

• COMMON AREAS¹

IMPORTANT NOTE

UNDER THE LEGISLATION, COMPLETING THIS FORM IN THE PRESENCE OF THE THREE FOLLOWING IS MANDATORY: THE CONTRACTOR, THE REPRESENTATIVE OF THE SYNDICATE OF CO-OWNERS AS WELL AS A BUILDING PROFESSIONAL. THE LATTER SHALL COMPLETE AND SIGN THIS FORM, IN ADDITION TO THEIR OWN REPORT.

Regardless of the type of building covered by the guarantee, an inspection prior to acceptance is required by the Regulation respecting the guarantee plan for new residential buildings.

The pre-acceptance inspection² of common areas shall be done following the receipt, by all known beneficiaries and by the syndicate of co-owners (when it is formed and no longer under the control of the contractor), of the end of work notification produced by the contractor.

The pre-acceptance inspection shall be performed jointly by the syndicate of co-owners, the contractor and the building professional chosen by the syndicate of co-owners. The building professional must be an architect, an engineer or a technologist member of a professional order, with training in the field of engineering or construction.

The pre-acceptance inspection is performed using this checklist, provided by the administrator and which content is approved by the *Régie du bâtiment du Québec*.

With this checklist, the syndicate of co-owners, the contractor and the building professional chosen by the syndicate of co-owners must cover all common areas (parts 25 and 33), to observe the status of the work.

The building professional chosen by the syndicate produces the act which constitutes the acceptance of the common areas, provided that specified minor work is completed, if applicable. Minor work could include: missing light fixture or hardware.

NOTE TO PROFESSIONAL

The professional cannot complete the Declaration of acceptance of common areas if there is work to be completed in common areas of the building other than minor work. An inspection by the professional is performed using this checklist and is limited to a visual inspection of the elements comprising the common areas of the building. No responsibility shall fall on the professional with regard to any hidden defect or poor workmanship that could not normally be detectable during such verification.

- Common areas: those that are part of the building listed in the constituting act of co-ownership or, in the absence of specific provisions in this act, those listed in section 1044 of the Civil Code of Quebec.
- In the absence of the acceptance of the common areas, the regulation contains, under certain conditions, a mechanism allowing the start of coverage of guarantees related to common areas. If after the receipt of an end of work notification transmitted by the Contractor, the acceptance of the common areas of your building was not performed, then the acceptance of the common areas is deemed to have occurred no later than 6 months after the receipt of the notification, by the syndicate of co-owners, if the 4 following conditions are met:
 - 1) Work in common areas is completed;
 - 2) The syndicate is formed and no longer under the control of the Contractor;
 - 3) The end of work notification transmitted by the contractor to the syndicate, when the latter was no longer under the control of the contractor, informing them of the end of the work and their obligations with respect to acceptance;
 - 4) 6 months have elapsed since the receipt of this notification and the common areas have not been delivered to the syndicate, without cause.
- Landscaping is excluded from the guarantee.
- Building professional: an architect, an engineer, or a technologist, member of a professional order, with training in the field of engineering or construction.
- Acceptance with or without reservation by the professional only applies to visible components at the time of acceptance of the building.
- Minor work must be completed.
- Date on which all work will be completed, including minor work, if applicable.

The contractor accredited by GCR is responsible for registering your building. You can, however, send us copies of your documents at any time if you want to make sure that we have them on file and that your building is duly registered. You can email your documents to enregistrement@garantiegr.com.
